RAPTOR

OFF-ROAD BEAST.

The Ford F-150 RAPTOR pickup is back. And it is the most off-road capable, best performing RAPTOR ever. This RAPTOR truck is packed with Built Ford Tough® engineering innovations inspired by the wild demands of desert racing – where drivers not only speed over rough terrain, but “may” even jump and catch air. The 5-link rear suspension with Panhard rod is designed to deliver more control and torque to the ground in high-speed desert driving situations. Suspension travel has increased for 2021. Plus, it has longest-in-class⁶ 610-mm-long rear coil springs. Adjust the sound of your truck with class-exclusive active valve exhaust featuring 4 modes: Quiet, Normal, Sport and Baja. Then pick from 7 Selectable Drive Modes, which also include a Baja mode, to dial up the ride of your life.
